Description	Code Number
Jigsaw Blade 5 pkt – Bosch Type	JSBB
Jigsaw Blade 5 pkt - Makita Type	JSBM
Makita Rip Saw Blades 5 pkt	MRSB

## BULLET HEAD NAILS

ROYALnails are one of the most versatile bullet head nails used in construction carpentry for the purpose of timber to timber connection. This nail is most commonly used as the head is punched and easily concealed and has a plain shank for easy removal and de-nailing with stripping.

Available in 15kg plastic containers or 25kg cardboard boxes in the following sizes:

1" (Fillet Nails) 30mm x 1.80mm; 2" 50mm x 2.80mm; 3" 75mm x 3.15mm; 3" 75mm x 3.75mm; 4" 100mm x 3.75mm.

Description	Weight (kg)	Code Number
ROYALnails 1" (30x1.80mm)	1	N11
ROYALnails 1" (30x1.80mm)	2	N12
ROYALnails 1" (30x1.80mm)	15	N115
ROYALnails 1" (30x1.80mm)	25	N125
ROYALnails 2" (50x2.80mm)	5	N25
ROYALnails 2" (50x2.80mm)	15	N215
ROYALnails 2" (50x2.80mm)	25	N225
ROYALnails 3" (75x3.15mm)	5	N3515
ROYALnails 3" (75x3.75mm)	5	N35
ROYALnails 3" (75x3.75mm)	15	N315
ROYALnails 3" (75x3.15mm)	25	N32515
ROYALnails 3" (75x3.75mm)	25	N325
ROYALnails 4" (100x3.75mm)	25	N425

## DUPLEX HEAD NAILS

ROYALnails duplex (double-headed) type nails, are the nail of choice for quick removal when skew nailing temporary kickers or braces, or when nailing scaffold components to timber. They prevent the nail from being smashed and concealed as the second head sticks out and makes it fast and easy to strip and remove.

Description	Weight (kg)	Code Number
ROYALnails 3" (75x3.75mm) Duplex	5	N35D
ROYALnails 3" (75x3.75mm) Duplex	25	N325D
ROYALnails 4" (100x4.50mm) Duplex	25	N42545D

## MASONRY NAILS

Hand driven washered masonry nails for setting out survey marking.

Description	Code Number
